

# Scheduler Automated Email Settings

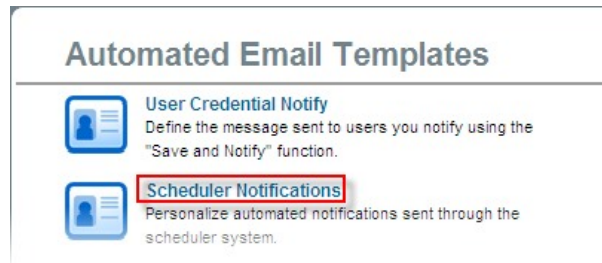

## Customize Scheduler Automated Notification Settings:

In this section, you can personalize automated emails sent to tenants requesting use of property resources depending on your **Approval**, **Denial**, **On Behalf**, **Cancellation**, or **Update** choices. To manager other functions of the Scheduler System refer back to [Schedulers](#).

1. Click on [Control Panel > Communication > Automated Emails](#)

2. Click on the **Scheduler Notifications** link.

3. Select the **Approval**, **Denial**, **On Behalf**, **Cancelled**, or **Updated** tabs; and enter an appropriate message for each into the RadEditor.
4. Click **Save**.
