

Managing RSVPs

[Control Panel](#) > [My Workspace](#) > [Calendars](#)

Managing RSVPs:

If you have created an event with RSVP functionality, users will be able to log into their property's portal and select an event to **RSVP** to from the available **Calendars** listed on their **My Workspace** page. A dashboard in the calendar section of the Control Panel will assist in keeping track of responses.

Title	Date/Time	CalendarName	Yes	Maybe	No	
Staff Appreciation	4/29/2011 12:00:00 PM	Building Events	0	0	0	Message All
Tenant Appreciation	4/29/2011 4:00:00 PM	Construction	1	0	0	Message All
