

Deleting Pools

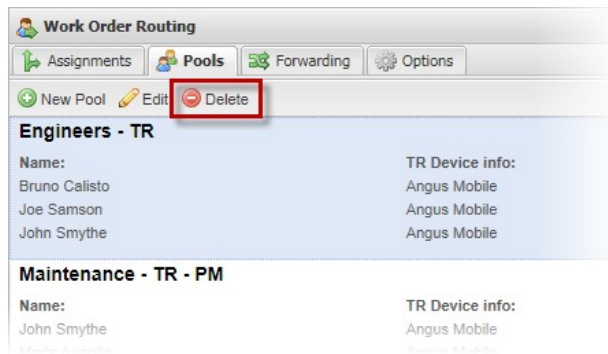

[Control Panel](#) > [Setup](#) > [Work Order Routing](#) > [Pools Tab](#)

Deleting Pools:

1. Go to **Control Panel** > **Setup** > **Work Order Routing**.

2. Under the **Pools** tab, select the pool you would like to remove and click on **Delete**. A confirmation window will open.

3. In the confirmation window, click on **Yes**. The pool has now been deleted.
