

Managing Hyperlinks

About Hyperlinks:

Hyperlinks can include (but are not limited to) links to:

- External websites
- Images
- Documents

By default, active hyperlinks are formatted as a blue, underlined [link as such](#). After hyperlinks have been inserted and activated using the RadEditor's **Hyperlink Manager**, they appear as such:

Note:

- Hyperlinks can only be inserted using the Hyperlink Manager while in the Design Mode. Ensure that the

button is select before proceeding.
