Stacking Report:

The Lease Intelligence Stacking Report graphically displays the property's suites and current occupancy status. From here, the building staff can view a lease summary, options, and Right of First Offer (ROFO). Other details may be viewed, such as:

- Total Lease Square Footage
- Total Occupied Square Footage
- Total Vacancy Square Footage
- Common Space Square Footage
- Total Building Square Footage

The data is populated by uploading the CBRE Lease Abstract. As of December 18, 2014, Lease Abstract versions 9.0 – through 10.8 are supported. To learn more about how to upload the CBRE Lease Abstract, [click here](#) to watch an interactive tutorial video.
