About Promotions:

The Promotions section of the Control Panel is a tool that allows you to post current, local coupons or discounts on the My Workspace page, or email them to your tenants through the Message Blaster system.

Unlike simply using the Message Blaster System, the Promotions tool is more useful for managing and updating local promotions.

The screenshot shows a website header for 'One CORPORATE TOWER' with navigation links for 'HOME' and 'CONTACT'. Below the header, there is a 'PROMOTIONS' section highlighted with a red box. This section features a '24 Hour Fitness' promotion with the text 'Discount Available' and a 'VIEW ALL PROMOTIONS' link. To the right of the promotions section, there is a 'Welcome, Daisy' message and a 'MANAGEMENT NEWS' section with the headline 'Bring Your Green to Work'. Below the promotions section, there is a 'BUILDING SERVICES' section with a 'CBRE Navigator' link. At the bottom right, there is a 'Bring Your GREEN TO WORK' banner with the text 'with ENERGY STAR' and 'The small steps you take at'.
