

# Approving Estimates

When Estimates are submitted via the TSI, the Tenant is notified via e-mail with the Estimate information. The Tenant has the choice to either Approve or Reject the Estimate at this point.

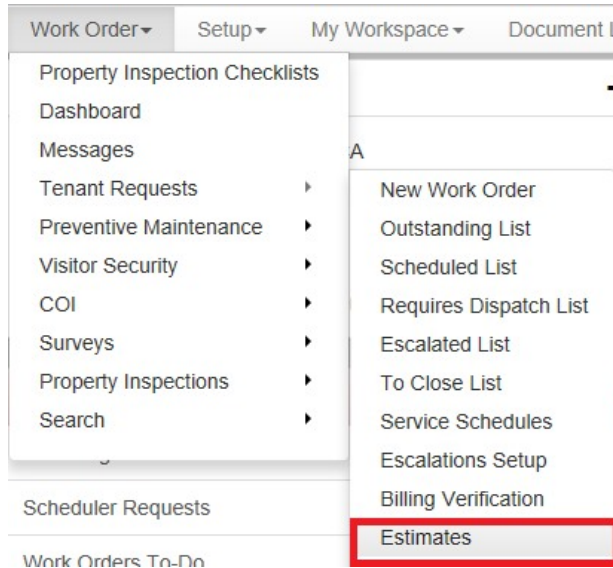

## Approving an Estimate from the TSI:

1. Click **All Requests** and open the request.
2. Select **Approve Estimate**, and enter the notes as required. Indicate the time requirements.
3. Click **Save my Decision**.
4. Approved Estimates are displayed on the Estimates list.

Alternatively, Tenants may call in requests for Estimates, or may require a printed estimate. These Estimates are updated by Administrators by marking the Estimate Approved and entering any associated information directly in Axis Portal.
