

Accepting a Broadcasted Work Order

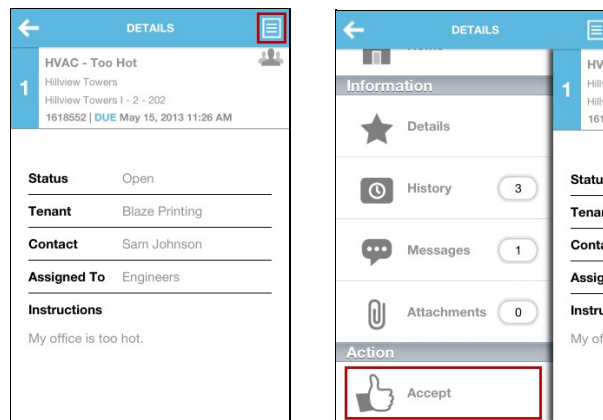

Accepting a Broadcasted Work Order:

Before you can begin working with a broadcasted work order, you must accept it first. Broadcasted work orders are displayed in your Tenant Request list and marked with a special icon (👤).

1. Open the Tenant Request list and select the broadcasted work order you would like to accept.

2. From the work order details, press the **Options** button (☰), and then select **Accept**.

3. Enter any applicable notes and then press **Submit**. The work order has now been accepted.
