Create Custom Handbook Theme

- 1. Click Control Panel > Content Manager > Handbooks
- 2. Click Add under the Custom Handbook Themes section.

Handbook Creator	
AXIS Portal Handbook	Edit
Fire Life & Safety Handbook	Edit
Custom Handbooks	Add Remove
Custom Handbook Themes	Add Remove

3. Add a Theme Name.

4. Customize settings for **Theme**, **Header Text**, **Body Context Text**, and **Links**. A quick preview of the applied setting is displayed on the right.

Hovered Color	#336699			
Valled Color	#336699			

Note:

- If you wish to have additional font styles that would better suite your Property's theme, contact your AXIS representative to have them added.
- 5. Click **Submit**. The new theme will now be available to apply to new and existing handbooks under the Attributes tab.
