

Deleting Shifts

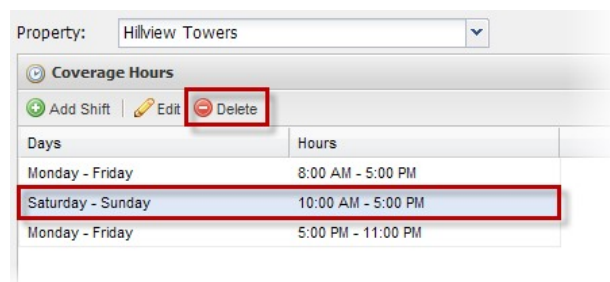

[Control Panel](#) > [Setup](#) > [Coverage](#)

Deleting Shifts:

1. Go to **Control Panel > Setup > Coverage**.

2. Click the **Property** field and select the desired property from the drop-down menu. The **Shifts** screen is updated to display all shifts associated with the property you have selected.
3. Select the shift you want to modify and then click on the **Delete** button.

4. A confirmation dialogue will open. Click on **Yes** to delete the shift.

Note:

- There must be at least one shift configured for a property.
-
