

Setting Album Cover

[Control Panel](#) > [Content Manager](#) > [Photo Gallery](#) > [Albums](#)

1. Click **Edit** next to the album in which you wish to change the album cover.
2. From the photo thumbnails, make sure there is a green check mark next to the photo you wish to make the album cover (First photo).
3. Ensure all information is correct on the rest of page.
4. Click **Update**.

The screenshot displays the album editing interface. At the top is a thumbnail of a corporate tower. Below it, the 'Album Cover:' checkbox is checked and highlighted with a red box. The 'Title *:' field contains the text 'One Corporate Tower'. The 'Description:' field is empty. At the bottom, the 'Update' button is highlighted with a red box, and the 'Remove' button is visible to its right.
